Test Preparation Question

Answer the following question or respond to the statement. Remember to be as detailed as possible. You answer should reflect your understanding, be well written (this includes grammar, punctuation, and spelling), and be comprehensive. A well-written response is the key to doing well on the test!

TPQ1: For the first week of school we explored what science is. In the following space, summarize the important ideas of science. Your response should be limited to 5-6 sentences.
