

UNIT
1LESSON
1.2*What do you know about science?***Warming Up**

Below are three things for you to do to think about our first unit. A good response uses complete sentences.

1. In your own words, what is science?

2. What does a scientist do?

3. Draw a picture of a scientist in the box below.

4. Name as many fields (types) of science as you can.
